GLASS  
**PARTITIONS**  
FOR RESTROOMS

Quality and long-lasting design

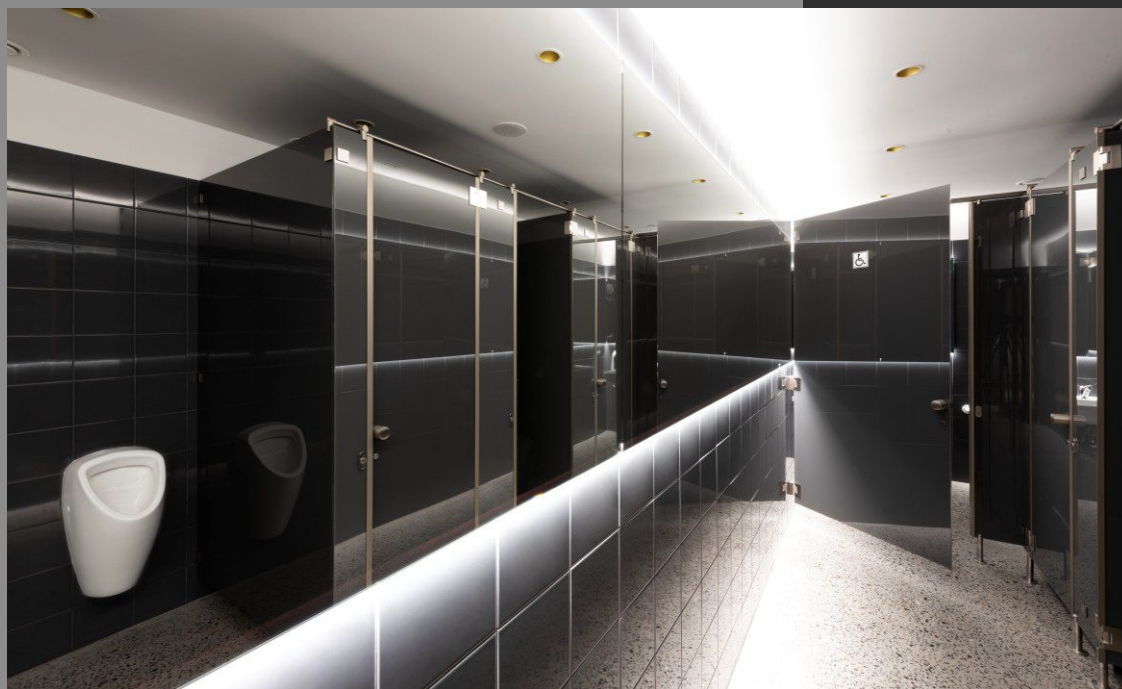

A photograph of a modern commercial bathroom. The walls are covered in dark, square tiles. A long, low wall in the foreground is also tiled and has a bright, horizontal light strip integrated into its top edge. Behind this wall, there are glass partitions supported by metal frames, creating stalls. The ceiling is white with recessed lighting. The floor is a light-colored, speckled material.

## Glass – the most stylish solution for commercial bathrooms

Glass partitions is probably the best option for those, who want to create stylish and clean look for commercial bathrooms. Whether your project calls for a classic, ultra-modern or simply exceptional design, we have the experience to provide solutions that are sure to meet your expectations.

Based on more than 20 years of experience, we have perfected the most advanced production methods in the production and installation of the highest quality partitions not only from MDF or HPL, but also from glass, which will satisfy the most demanding customer.

Complete privacy  
without a slightest  
shadow!

For "Brasta Glass" toilet partitions we use 10 mm multi-layer laminated tempered glass that will ensure complete privacy.

The glass is particularly resistant to impacts, as the film in its middle layer protects the glass from shattering.

The glass is given globally recognized 1(B)1 and P1A resistance and safety classes.

# Materials that are particularly resistant to wear and scratches

Three-component glass provides more privacy, as both sides are glossy and reflective. Such surface not only does not burden the space, but is also easy to clean and maintain due to its natural smoothness.

# The perfect solution for wet rooms

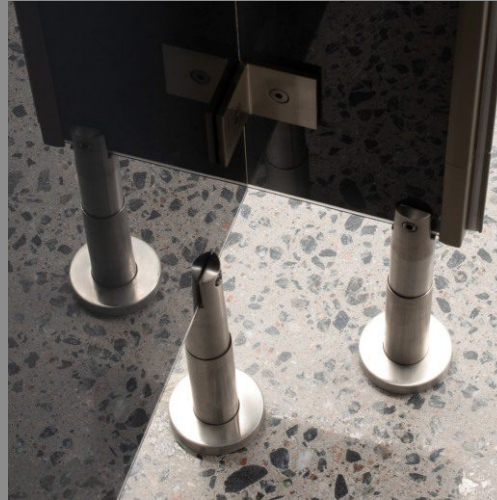

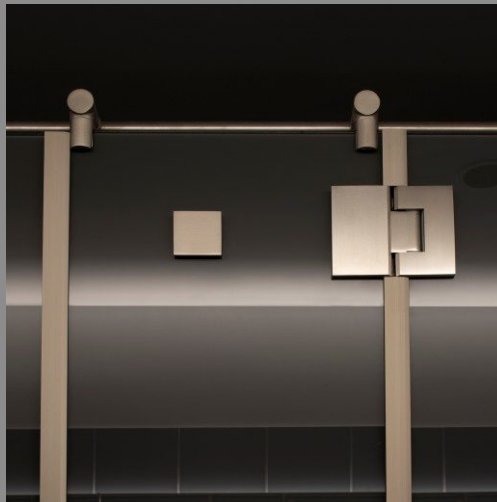

Due to high corrosion resistance, glass systems can be used not only in dry, but also in wet rooms, such as showers or changing rooms.

# Attention to every detail: the harmony of functionality and aesthetics

For the partitions are use corrosion-resistant stainless steel fittings, which ensure strength and aesthetic look.

The highest quality  
"Brasta Glass" glass  
partitions - for a  
feeling of luxury from  
floor to ceiling!
