GLASS SOLUTIONS FOR SAUNAS

Who doesn't dream of leaving all the worries far behind after a long day at work and re-charging? Or having an opportunity to relax your body and mind after a hard workout?

What if such an opportunity would be available at home and you could enjoy it whenever you want? More than that, what if you would be able to enjoy it with the entire family?

**“BRASTA GLASS” offers 5 different glass solutions for saunas:**

- Glass door (S1);
- Door with a stable wall panel(S2);
- Door with 2 stable wall panels (S3);
- Door with a stable wall panel and a transom window (S4);
- Door with 2 stable wall panels and a transom window (S5).

Numerous researches suggest that regular sauna use has a positive effect on many health areas, your general fitness, and most importantly it relaxes not only your body, but also your thoughts.

Enjoy peaceful environment or pleasant conversations with friends and family!

## FOR YOUR HEALTH AND WELLBEING

### MUSCLES AND JOINTS

Faster recovery after workouts, providing pain relief to joints and muscles, and speeding up the removal of lactic acid.

### SKIN

Profuse sweating cleanses the skin and removes dirt, dead skin cells and bacteria.

### LUNGS

Sauna has positive effect on asthma and pneumonia.

### STATE OF MIND

Sauna helps to get rid of anxiety and light depression.

### BRAIN

Regular visits to saunas reduce risks of strokes and dementia.

### HEART

Sauna reduces blood pressure and protects against heart diseases.

### ENERGY

Sauna helps to sleep better and protects from chronic fatigue.

### SOCIAL BENEFITS

Sauna is a great relaxing environment for interacting with family and friends.

### WELLBEING

Sauna not only improves wellbeing but also ensures pleasant experience!

You can choose not only your favourite placement of doors and windows but also the colour of DURABLE TEMPERED 8 MM GLASS:

Transparent glass

Matte glass

Brown tinted glass

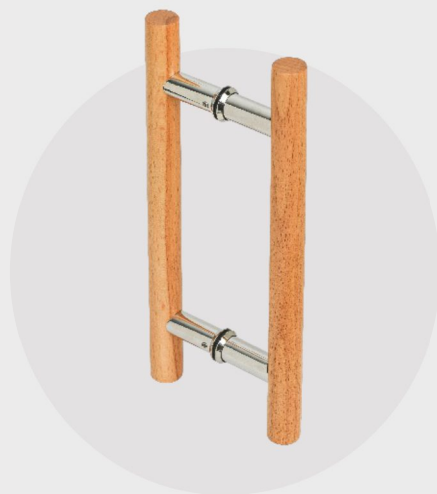

Grey tinted glass

## HANDLES

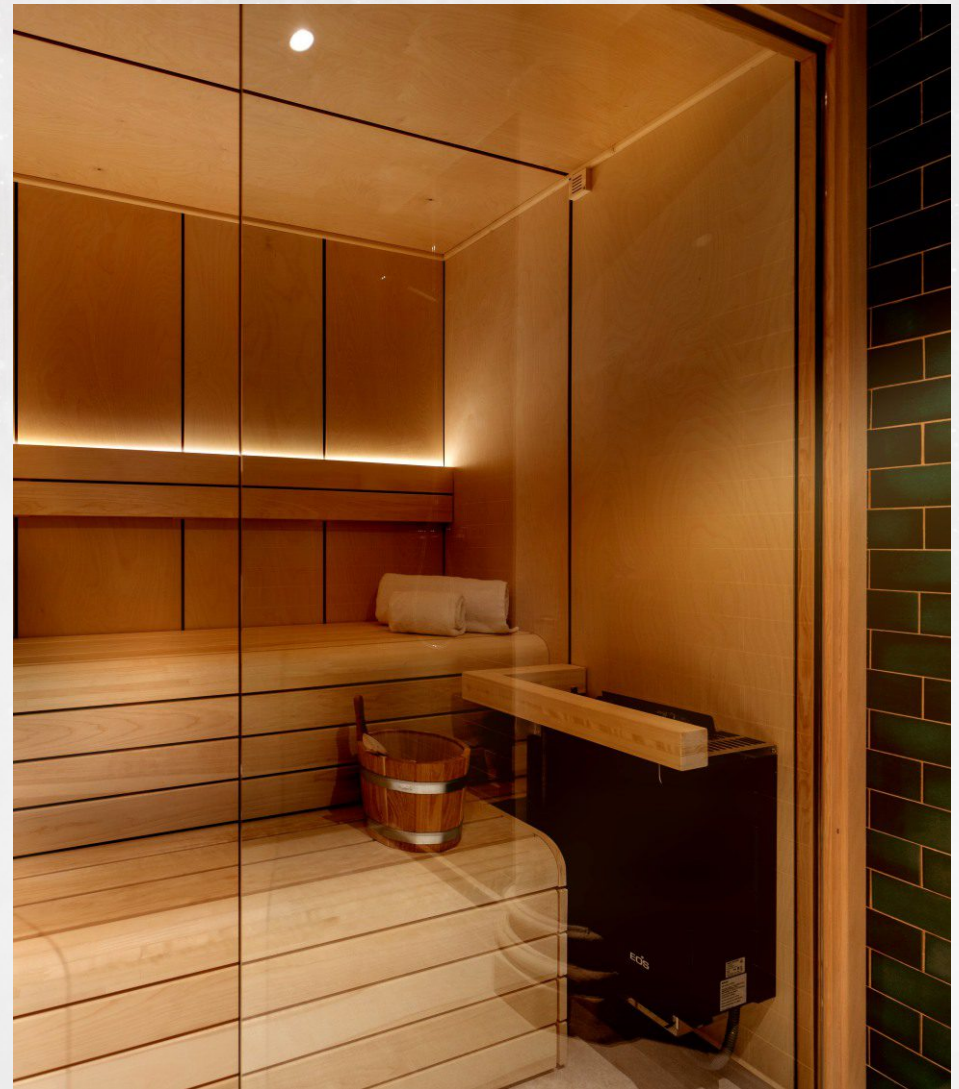

- Two types of handles:
  - Wood - wood;
  - Wood - metal.
- Handles are made of durable beech wood, which is particularly well suited to saunas as it becomes even more durable when exposed to moisture.
- Possibility to individually choose the position of the handle.

## TECHNICAL CHARACTERISTICS AND ADVANTAGES OF HINGES

- Scandinavian aesthetics and minimalism.
- Quick and easy mounting.
- Swing in both directions.
- Pretty design: screws hidden by covers.
- Adjustable door opening angle - 90°, 180° or any other non-standard angle.
- Self-closing from 15° angle.
- Chrome or black.
